COMMITTEE REPORTS

APN Committee: Mr. Price said the committee met on June 30th and spent most of the meeting discussing the Consensus Model Bill. Approximately twenty Nurse Practitioner students from the University of Delaware were in attendance and said the information discussed was enlightening. He said Dr. Zickafoose told the committee Nursing licensing fees would be going up July 1st. Mr. Price said he will be scheduling a meeting with Dr. Cliff Hunt and Dr. Ed Goldenberg to discuss the consensus model. Dr. Zickafoose said she received an email from Mr. Mark Thompson which stated the Government Affairs Committee of the Medical Society wanted to invite her, Mr. Price, and Dr. Fan to speak at their committee meeting on September 8th regarding the Consensus Model Bill.

Practice and Education Committee: Dr. Contino said the committee met on June 13th and reviewed the interim reports from the schools with conditional approval.

- DSU – Their interim year report was submitted and accepted. It now goes to ACEN for final review in July. DSU was notified by the Education Review Panel that they accepted their report, which will now go to the ACEN Board of Commissioners for approval. They will also visit the school in the fall. Dr. Contino said DSU is revising their curriculum. Since this would be considered a substantial change, the revised curriculum will need to be submitted to the Practice & Education Committee and the Board of Nursing for approval prior to implementation.
- DTCC, Owens Campus – A letter was submitted to the Board stating the focus visit with ACEN went well.
- Leads School of Technology – The committee reviewed their interim report. Time was allowed for public comment. Four former students and one former faculty member expressed their concerns to the committee. Some had even filed complaints with the Department of Education. Ms. Patty Keaton, Department of Education, was in attendance at the meeting. After the meeting, the News Journal was contacted, who then contacted Dr. Contino for a statement. The motion from the committee was that if the NCLEX-PN pass rate is not 80% as reported in the Annual Report due by December 1st, they will recommend withdrawing the approval of the program to the Board at their January 2015 meeting. The timeline with the December deadline had previously been set in a prior action plan.
- Delaware Skills Center – Individual data response sheets were submitted instead of a compiled report. The committee asked for clarification in their Annual report due in December.
- Annual Faculty Report Form – This is submitted with the annual reports from the schools. The report was revised by two committee members and approved.

- Leads School of Technology – A proposal for Phase I of an Associate Degree Nursing Program was submitted. Dr. Contino said Ms. Robinson requested the item be tabled. A motion was made at the P & E committee meeting to table the proposal. This was approved by the committee members. .

Dr. Contino made a motion to accept the recommendations for the Committee. The motion was unanimously approved.

PRESIDENT'S REPORT

Dr. Contino said he will be attending the Annual NCSBN meeting in August along with Dr. Zickafoose and Ms. Tyranski. He thanked the Board for attending the Board meeting and reminded them they do not meet in August but will meet again on September 10th.

EXECUTIVE DIRECTOR'S REPORT

Dr. Zickafoose said licensure fees have gone up effective July 1, 2014. She explained that the Division is supported by licensing fees as they do not get general funding.

The following fee changes are as follows:

- RN, LPN, and APN licenses - \$132
- Reinstatement fees - \$198
- Re-Exam fee - \$25
- Inactive License status - \$40
- Temporary Permit - \$40
- APN's: Controlled Substance Registration - \$145

Dr. Zickafoose said she attended the 3rd NCSBN Executive Officer Forum in Ashville, North Carolina in June to discuss compact licensure, now known as 'Option D'. She said they spent considerable time going over what items they felt should be part of Option D; for instance, criminal background checks. One of the items discussed was felony convictions. Dr. Zickafoose said some states felt in order to get a multi-state license there should be no felony convictions on their record. After discussing this, they decided to include this provision. She said the NCSBN will now put this information together and then submit it to the Nurse Licensure Compact Administrators. Once this becomes effective it will require the Boards of Nursing to do a statutory change. Dr. Zickafoose said the ultimate goal is for every state to participate in Compact Licensure so nurses can have one license in the state in which they reside, but will be able to perform nursing in any state.

Dr. Zickafoose distributed a copy of the criminal background check guidelines that were published by the NCSBN and also the 2013 NCSBN Annual report. She gave the Board the latest copy of the Journal of Nursing Regulation and pointed out a couple of articles she found interesting; such as, *Teaching Delegation to RN Students* and *Document Forensics: Evaluating and Verifying Nurse Credentials*. Dr. Zickafoose said she and Dr. Contino participated in a webinar about Document Forensics to learn how to determine which documents are legitimate and which are not.

Dr. Zickafoose said the Midwives bill did not pass. She explained it stopped at the House and did not get assigned to a committee in the Senate. Also, the bill regarding the composition of the Board of Nursing did pass and is now awaiting the Governor's signature. She said the Board may soon have their vacancies filled, as well as re-appointments for terms that have expired.

PRACTICE WITHOUT LICENSURE REVIEWS

PRACTICE ISSUES

EDUCATIONAL ISSUES

Beebe Healthcare – Dr. Contino read a letter from Ms. Joan Thomas, notifying the Board that Ms. Karen L. Pickard was selected as new Chairperson of the nursing school effective June 29, 2014. Ms. Pickard has been a certified nurse educator and instructor at Beebe since 2004 and has been employed with Beebe Healthcare Systems for 14 years. She meets the qualifications specified in Board rules. Ms. Nellius made a motion, seconded by Mr. Salati, to approve the appointment as new Chairperson at Margaret H. Rollins School of Nursing. By unanimous vote, the motion carried.

DTCC, Owens Campus, LPN Program ACEN Candidacy – Dr. Contino said a letter was received stating they have submitted their candidacy application for ACEN accreditation. He said they will now write a self-study and in the future ACEN will conduct a site visit. Dr. Zickafoose said this accreditation is for their LPN program. She said they have until December 2016 to get accreditation in Delaware. Dr. Zickafoose said the Rules and Regulations changed in November 2011 and section 2.0 Nursing Education Programs now requires national accreditation for nursing programs approved in this state.

LICENSURE ISSUES

Dr. Zickafoose said now that the Delaware Professionals' Health Monitoring Program has been implemented she has three cases for Board review.

Tracy Greenwood, LPN – Dr. Zickafoose gave a thorough review of Ms. Greenwood's case beginning with her Board order from 2006 until present. Numerous violations of the board order were documented, including that MS. Greenwood was discharged from counseling as non-compliant for missed appointments. Ms. Greenwood is currently on medical leave from Harrison Senior Living as Ms. Greenwood requested a leave of absence due to pain resulting from a car accident that she was in years ago. She is not currently in treatment but does get pain medication from her doctor. Her

toxicology results show that she was scheduled to test 25 times; but actually tested 15 times, with 8 missed tests, and two were negative, one was excused, one was positive for alcohol, and all the remaining tests were negative with a warning for Tramadol with the approved prescription.

Dr. Zickafoose read a letter from Ms. Greenwood requesting to take a leave of absence from the program, but explained to the Board there is no such thing as a leave of absence. Ms. Singh reiterated that she was non-compliant but said she gave the explanation that she couldn't afford the program. The Board discussed having her license become inactive at this time. Mr. Price suggested the Board make a motion to make her license inactive and said if she doesn't accept that option her license would then be suspended. Ms. Singh said the Board can request she pay the \$40 fee that is due, or she'll have her license suspended indefinitely until she comes before the Board requesting her suspension be lifted. Dr. Zickafoose said if her license were in an inactive status Ms. Greenwood would still have to complete her required CE's and pay a renewal fee. Mr. Price made the motion, seconded by Mr. Salati, to give Ms. Greenwood the option to make her license inactive, whereby she would have to pay and submit the required documentation and the \$40 fee, or her license will be suspended pursuant to her order. At the end of the suspension period she would have to come before the Board to petition to have it lifted. By unanimous vote, the motion carried.

Karen Shields, RN – Dr. Zickafoose said the order called for her license to be suspended. She stated Ms. Shields told RBH she had a mastectomy and after her surgery could no longer participate in the program. She then became exempt from testing. Following her recovery she called in on 5/22/14 and said to the RBH representative that she could no longer participate in testing due to her limited funds, and will no longer call into the testing system. They called her on 5/22/14, 5/28/14 and 6/2/14 and left voicemail messages requesting a call back to discuss her decision to stop participating. She had not called back in or returned their calls until 6/17/14, when she sent an email explaining again that she cannot afford the testing and cannot be reached by phone. She's missed two tests and several call-ins at IVR, and missed her by-weekly conference call. Dr. Zickafoose provided an overview of Ms. Shields compliance to date including that since her surgery she has not returned to her treatment provider and also discontinued attending group therapy. She was scheduled to attend the required substance abuse mental health evaluation after surgery but the licensee canceled her appointment and told her she can no longer afford her care. Ms. Shields was scheduled to test 7 times, but only tested 3. All tests were negative, two tests were excused due to the surgery, and she missed the last two tests due to non-participation. According to the monitoring agreement, that is considered substantially non-compliant. After considerable discussion, Mr. Price made a motion, seconded by Mr. Sanders, to follow the current Board order. Ms. Shield's RN license will be suspended. By unanimous vote, the motion carried.

Jennifer Gambone, RN – Dr. Zickafoose reminded the Board that Ms. Gambone's case was on the agenda a couple of months ago and her Board Order was signed in June. The Board ordered her was to be co-monitored with the PNAP program until she finished PNAP, then she would fully enroll in the DPHMP. Ms. Gambone explained at the time that she had done her CE's and would send them to Dr. Zickafoose. Dr. Zickafoose sent her an email reminding her of this. Ms. Gambone sent her back an email thanking her for her reminder but stated she has decided to surrender both her Pennsylvania and Delaware RN licenses. She said she is no longer participating in the PNAP program; and therefore, will no longer be working as a Registered Nurse. Dr. Zickafoose said Delaware does not have a voluntary surrender provision so she wrote her back and explained that to her. Ms. Gambone said the Pennsylvania program does not offer that either and is, therefore, going to suspend her license instead. Ms. Nellius made a motion to follow the order, seconded by Dr. Lomax, and suspend Ms. Gambone's license pursuant to her current Board order. By majority vote, the motion carried, with Mr. Salati abstaining.

NCSBN

Dr. Zickafoose said she will be attending the Annual Meeting scheduled for August 13 – 15, 2014 in Chicago. She said she also received notification of an International Conference scheduled in October also being held in Chicago. She asked Board members to let her know if they are interested in attending.

LICENSURE RATIFICATION

Ms. Udealer made a motion, seconded by Dr. Lomax, to ratify the licensee list. By unanimous vote, the motion carried. The ratification list is attached at the end of the minutes.
